## **BANK WIRE WITHDRAWAL PROCEDURES**

You can use the bank wire method to withdraw funds from your account.

Bank Wire Withdrawals incur a \$30 fee which will be included in the total amount withdrawn from your account. Therefore the balance of your account must be greater than \$20 to use this method for withdrawal.

To withdraw funds from your account use the following procedure:

- Start by logging into your account.
- From the main wagering page click the FUND button located in the My Account information section.
- In Step 1, select the Bank Wire button under the Withdrawals category.
- In Step 2, click 'Proceed' to accept the \$30 fee.
- In Step 3, enter you wire withdrawal details.
- In Step 4, confirm that your details are correct.

Your request will then be processed. Once processed and verified, your account balance will be adjusted and the bank wire withdrawal completed. This may take up to two (2) business days to complete.
